

# THE BIJA PROJECT

## Preschool 2019 – 2020

Our preschool program is designed for children ages 2 - 5 years old in a mixed age group classroom. We believe in the fundamental importance of play, experimentation and creative expression and know that children thrive when surrounded by adults invested in helping them actualize their greatest potential. At The Bija Project, we teach life skills and explore the arts and sciences. Children spend their days inside and out — in our neighborhood, getting messy, and learning how things work. Our educators are a combination of seasoned teachers, passionate artists and thinkers, and neighborhood youth.

**PRESCHOOL CENTER**      900 Fulton Street  
Brooklyn, NY 11238

We are the The Bija Project, a socially minded organization promoting love, justice, and inclusivity through a radical approach to education and community building. Our diverse group of educators, farmers, artists, and neighbors work together to educate families and foster a love of people, community, the arts and the world around us.
